

Lecture

- Lecture
 - The lecture is held on campus. For dates, times, and rooms, see StudIP.
- Lecture notes
 - The lecture slides are uploaded to StudIP at the latest on the morning of the day of the lecture. They are available until the exam.
- The lecture is streamed and recorded.
 - Join the Zoom room for the lecture; for Zoom access information, see StudIP. Use your real name (first name, last name). Mute your microphone and turn off your camera.
 - Questions can be asked in the chat.
 - The link to the video is posted in StudIP. The video is available for one week or until the start of the next lecture. Download or further distribution is **illegal and not permitted**.

Exercise

- The project sheets are uploaded to StudIP.
- Exercise sessions
 - Registration for groups is done through StudIP (and not through TUNE). We will look exclusively at the lists in StudIP.
 - The exercise sessions are held on campus. For dates, times, and rooms, see StudIP.
 - Exercise meetings are not recorded and it will be illegal to record them locally.

Technical requirements for online participation PC, microphone, webcam

Preparation

- You can participate in a Zoom meeting either through a browser or through the Zoom App. Read <https://www.tuhh.de/rzt/netze/videokonferenzen/zoom/faq-von-studierenden.html> and either bookmark the TUHH Zoom-website or download the Zoom app.
 - **Important:** use the latest version of Zoom. Certain features (e.g., breakout rooms) do not work on older versions.
 - If you use the Zoom App, you cannot participate in Zoom polls.
- For efficiency reasons, do not use VPN when starting Zoom.
